

Honorary Mayor

2010 Bonsall Honorary Mayor

Erica Perko

Bonsall Education Foundation

Community Volunteerism is all around. In anticipation of Baseball season beginning, community members went to local baseball fields and gave generously of their time. It was a wonderful sight of families working side by side, weeding, and picking up litter, painting and a multitude of other helpful tasks. The Disney Give a Day, Get a Day Program has kicked off a great community effort and inspired proactive involvement in the community. In March, The Bonsall Community Church and other local churches and schools, will also benefit from similar beautification efforts. Thank you to all the dedicated volunteers that make this town a wonderful place to live. For more information on participating, go to the Bonsall Education Website and click on the Give a Day, Get a Day banner. <http://www.bonsallschools.org/>

Last month celebrated the Boy Scouts of America Blue and Gold Anniversary. This year marked the Centennial Anniversary of Boy Scouts. Bonsall Cub Scout Pack 735 hosted a wonderful event at the Riverview Church. I was privileged to attend with my charming date, Bonsall Chamber President, Seth Essensfeld. The Pala Band of Mission Indians Kupa Singing Birds did a blessing and chanted beautiful traditional songs. The night was filled with great food, clever skits, and an amazing cake auction. The Chamber presented each scout with a child pass to UltraStar Cinemas in Bonsall. Cub master Caroline McCollough and all the Den leaders are doing an impressive job guiding these young men and giving them tools to be a positive influence to their community.

Lastly, the Med Fly quarantine is still in progress until at least July of this year. Remember the importance of shopping your local Daniel's Market and Bonsall Certified Farmers' Market. A little support goes a long way.

Sincerely,
Erica Perko- Honorary Mayor, BEF President
